

DATUM
10 februari 2025

Dear Sir/Madam,

From Wednesday, March 26 to Friday, April 4, 2025, we will be working on the Bassin Bridge and part of the Maasboulevard. This letter explains what this means for you.

Work schedule

The work will primarily take place during the day, between 7.00 and 17.00. If weather conditions are too poor or other unexpected situations arise, we may need to move some of the work to the evening and/or night. Should this occur, we will inform you in advance. The work is scheduled to start on 26 March and we aim to complete it by Friday 4 April. We will do our best to minimise any inconvenience caused by the work. However, where work is taking place, some disruption is inevitable. We appreciate your understanding.

Notice

The following work will be carried out during the evening and night:

- Preparatory work on Wednesday 26 March, starting at 1.00.
- Asphalt work at the Maasboulevard/Maastrichter Grachtstraat intersection on Wednesday 26 March, starting at 19.00. During these works, the tunnel will be closed, and the Bassin parking garage will be inaccessible

What we will do

This is routine major maintenance work. We will be replacing the expansion joints and the asphalt on the Bassin Bridge. Additionally, new asphalt will be laid at the intersection of Maasboulevard and Maastrichter Grachtstraat.

Detours and accessibility

For your safety and ours, we will close Maasboulevard (including the Bassin Bridge) between Boschstraat and Maastrichter Grachtstraat to all traffic from 26 March to 4 April. A detour route will be provided, which will be clearly marked with signs. You will still be able to access your home and/or business. Emergency services have been informed about the work and will be able to reach homes and businesses at all times. We will ensure this.

Parking garages access

The Bassin parking garage will remain accessible via the tunnel and turning left into Maastrichter Grachtstraat. The Mosae Forum parking garage will remain accessible from the Kennedybrug side. The entrance from the Bassin Bridge side will be closed during the work.

Buses

Buses will follow a route via Gubbelstraat, Markt, Boschstraat, and Maagdendries. Other traffic will be redirected and will not be allowed through Gubbelstraat. During the Wednesday and Friday markets, buses will take the Noorderbrug. More information can be found at www.arriva.nl or www.delijn.be.

BouwApp – stay informed

We will provide updates through the BouwApp. You can download the app via the App Store or Google Play by searching for BouwApp. The app's icon is a yellow helmet. After installing the app, search for Bassinbrug and tap Follow to receive the latest updates. Videos and photos of the work will also be available. At the top of the letter, you will find the QR code for the BouwApp.

Questions?

If you have any questions about the work, please contact Ben Schols, the environmental manager, at info@benscholsconsultancy.nl or by phone at +31 6 15 6815 52.

For more information, you can also visit www.maastrichtbereikbaar.nl.

If there are any issues you think we should be aware of in advance, please let us know.

Best regards,
Boris Hommes
