

Good idea for your neighbourhood or city?

Submit your idea between 18 August and
14 September 2025.

burgerbegrotingmaastricht.nl

Choose from 5 themes

A participatory budget is all about implementing projects that have been submitted and selected by residents.

In other words, it's your turn! With Maastricht Citizen Budget, you and other residents decide how to spend **£€ ,750,000**. **In 2025, choose from 5 themes:**

Art & culture

€ 150,000

Artistic and cultural activities stimulate creativity, participation and encounters between residents.

Think of neighbourhood art, workshops, exhibitions and art projects. Or performances in squares, schools or care homes. Art and culture stimulate your mind, allow you to see things differently and make you happy. Can you tell us how your idea will help make Maastricht even more culturally vibrant?

Submit a project for a maximum of £€ £30,000

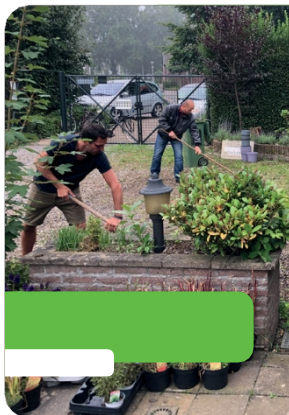

Stronger together

€ 150,000

Getting along well with others is important in our lives. How wonderful it is when you can do something for someone else. Think, for example, of organising activities to bring people from a neighbourhood together. Or placing exchange boxes where local residents can share non-perishable products with each other. What ideas do you have for a society in which everyone counts and is valued?

Submit a project for a maximum of £€ £30,000

€ 225,000

A green environment is good for your health and reduces heat and water damage. To make a neighbourhood greener, you could create pick-your-own gardens or façade gardens. Bee hotels or extra trees can be installed. Perhaps plants or flowers could be added to parking spaces. How would you like to make Maastricht greener and contribute to the happiness and health of people and animals?

Submit a project for a maximum of €€ 45,000.

Sports and exercise

€ 150,000

Everyone should be able to exercise. Sports, outdoor play and exercise are important for the health of young and old alike. It is also good for your social contacts. Don't just think about playgrounds for the little ones. Think about sporting activities for young people too. Or an active play afternoon for older people. How will you get your neighbourhood moving?

Submit a project for up to £30,000

€ 75,000

All kinds of associations come together in this new theme. It is intended for associations with a social or community purpose. Think of sports clubs, 'green' associations, and cultural associations. Or associations for the neighbourhood, the elderly or another specific group. Foundations and unofficial associations or clubs can submit their ideas under another theme. How can your association make Maastricht stronger, more social or more creative?

Submit a project for a maximum of €€ 15,000.

Submit your idea

Do you have a cool idea?

Do you have a cool idea? Read the rules and the step-by-step plan on the website.

Ask local residents if they support the project.

If everything is in order, you can submit your idea digitally between **18 August and**

14 September.

Help and advice

Until 14 August, the Meedenkhuis is open every Tuesday afternoon and Thursday morning. You can drop in without an appointment, but we can help you better if you make an appointment.

You can make an appointment via the website.

The Meedenkhuis is located at Het Bat 100, diagonally opposite restaurant La Bonne Femme. You can also get help and advice during the submission period.

We are happy to help you.

Voting for projects

In January 2026, you will be able to submit your vote for your favourite projects in two ways.

You can vote digitally via the website. And you can vote at the closing event on 31 January 2026.
